**A Note from the Chief Executive Officer,
Girl Scouts of Northern New Jersey**

“We are honored that the history of Girl Scouts in Paterson is featured in an exhibit at the Paterson Museum opening during Women’s History Month and the start of Girl Scout week, when we celebrate the 107th birthday of the founding of Girl Scouts in the United States. Girl Scouts in Paterson have been making the world a better place for over 100 years.

Our rich tradition partnering with houses of worship, schools, and community groups continues today and in 2018, over 1,900 Girl Scouts in Paterson were positively impacted by the Girl Scout leadership experience. We thank the Paterson Museum for this exhibit and for sharing the history of Girl Scouts in Paterson.”
